## Stephen Snyder to receive Eagle Scout rank at court of honor

May 27, 2010

Since 1932, Winnetka's Boy Scout Troop 20 has produced 221 Eagle Scouts. On May 25 that number increases to 224 when three new Eagles join the ranks.

Stephen Snyder is one of them. For his project, Stephen selected The Enterprising Kitchen, a Chicago non-profit that helps women transition from troubled circumstances into sustainable employment. Eagle projects must benefit an organization other than scouting, and are selected because they address a significant need. They are expected to have measurable, tangible results, which is why so many of them involve constructing items. Stephen led a team of volunteers as they transformed a barren space into an attractive break area by covering the concrete floor with attractive wood planking and building a desk, benches and flower boxes for the Enterprising Kitchen women.
